Course Title:	Introduction to Media Writing
Pre-requisites:	None
Co-requisites:	None
Credits:	0.50
Course Website (If applicable):	http://www.onlineguelphhumber.ca/
Method of Delivery:	Lecture

Calendar Description:

This interdisciplinary course covers the theory and practice of writing and editing for media publications and public relations purposes. It examines the usefulness of these types of communication and analyzes the differences in journalistic and public relations intent. Students study and practice writing news stories, news releases, speeches, and other forms of media writing. They will also interact with guest from the industry to discuss and reflect on experience and expertise.

Course Learning Outcomes

On completion of this course the student will be able to:

1. Identify and distinguish between various forms of media writing, including alerts, news releases, press statements, news stories, editorials, columns, reviews and features
2. Explain the differences in intent between public relations and journalism
3. Analyze the impact of public relations on government, charitable organizations and corporations
4. Write a basic news story using inverted pyramid and applying best practices of grammar and style according to Canadian Press Stylebook
5. Demonstrate an understanding of current news events through daily examination of newspaper, radio, TV and online sources
6. Apply basic interviewing techniques as required by journalists and public relations practitioners
7. Write press releases as an agent working on behalf of a corporation (business and non-profit)
8. Demonstrate the use of various research tools including university library resources, online search engines and various hard-copy publications

Evaluation and due dates

Students will be evaluated in this course through:

Quiz (9 Quiz + 1 Personal Essay)	20%
Assignments (4x10%)	40%
Mid-term	15%
In Class Test	25%
Total	<u>100%</u>

Notes:

- Every Quiz will happen at the beginning of each class.
- When an Assignment is due, it must be submitted in the first five minutes of the class. Otherwise it will be considered late and late penalties of 10% each day will apply. If an assignment is submitted to my mailbox on the 4th floor, it must be time stamped.

Academic Policies

Important University of Guelph-Humber Academic Regulations

Academic Integrity / Academic Honesty

Academic misconduct is behaviour that erodes the basis of mutual trust on which scholarly exchanges commonly rest, undermines the University's exercise of its responsibility to evaluate students' academic achievements, or restricts the University's ability to accomplish its learning objectives.

The University takes a serious view of academic misconduct and will severely penalize students, faculty and staff who are found guilty of offences associated with misappropriation of others' work, misrepresentation of personal performance and fraud, improper access to scholarly resources, and obstructing others in pursuit of their academic endeavours. In addition to this policy, the University has adopted a number of policies that govern such offences, including the policies on Misconduct in Research and Scholarship and the Student Rights and Responsibilities regulations. These policies will be strictly enforced.

It is the responsibility of the University, its faculty, students and staff to be aware of what constitutes academic misconduct and to do as much as possible through establishment and use of policies and preventive procedures to limit the likelihood of offences occurring. Furthermore, individual members of the University community have the specific responsibility of initiating appropriate action in all instances where academic misconduct is believed to have taken place. This responsibility includes reporting such offences when they occur and making one's disapproval of such behaviour obvious.

University of Guelph-Humber students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students should also be aware that if they find their academic performance affected by medical, psychological or compassionate circumstances, they should inform the appropriate individuals, (instructors, Program Advisor) and follow the available procedures for academic consideration outlined in the University's calendar.

Students are encouraged to review the policy in the 2008-2009 Academic Calendar at:
<http://www.uoguelph.ca/registrar/calendars/guelphhumber/current/c07/c07-amisconduct.shtml>

Grading Procedures

Feedback to students on work completed or in progress is an integral part of teaching and learning in that it allows students to measure their understanding of material and their progress toward achieving learning objectives. Feedback often goes beyond grading and should be an indication of the standard a student has achieved and should to include comments on the particular strengths and weaknesses of a student's performance. While the nature and frequency of such feedback will vary with the course, the University of Guelph-Humber is committed to providing students with appropriate and timely feedback on their work. Faculty members are

urged to provide meaningful feedback (approximately 20% of the total course evaluation is the standard), prior to the 40th class day. This is the last day that students are permitted to drop classes without incurring any academic penalties.

Missed Final Exams / Deferred Privileges

When students do not write a required final examination, complete a final assignment, or complete a work term report prior to the last class date, they must request Academic Consideration to be considered for a deferred privilege. When granted, a deferred privilege allows a student the opportunity to complete the final course requirements after the end of the semester, but during established timelines.

Please note that faculty members do not grant deferred privileges. Faculty can only grant academic consideration for work that is due during the semester and cannot grant extensions beyond their deadline for submission of final grades.

The nature of the deferred privilege may take the form of either a deferred condition or a deferred examination. The Admissions and Academic Review Sub-Committee grants deferred privileges on the basis of **medical, psychological** or **compassionate** consideration. Please see your Admission and Program advisor for details.

Accommodation Procedures

Students will identify themselves to Services for Students with Disabilities and, where required, provide appropriate documentation of their need. Where appropriate, students will inform individual instructors of their disabilities and academic accommodations required, by distributing the "*SSD Memo to Faculty*".

When students require test accommodations, they will:

- Remind instructors at least **one week in advance** of each test or as soon as possible, that they require test accommodations
- Book the test date and time in the SSD office or make the appropriate arrangements to write in the Test Centre at least one week in advance of each test, or as soon as possible.

Students with special needs are accommodated through Humber ITAL Services for Students with Disabilities. Students should make themselves familiar with the policies relating to special accommodations by visiting the website at:

http://studentservices.humberc.on.ca/ssd/pnp/fac_resp.htm.

It is the student's responsibility to be familiar with the University's policies and Academic Regulations. These policies can be found at:

<http://www.guelphhumber.ca/cstudents/policies/index.shtml>
