\$52.50. Parody is one of the most satisfying forms of literary humor. Its success depends on a wide knowledge of the target texts, of which the Middle Ages had an ample supply in the Bible and liturgy, with its verses, responses, hymns, prayers, and a structure known intimately by every cleric. Almost equally well known were the techniques of biblical analysis. In its title and preface, Bayless's study explicitly challenges Paul Lehmann's pioneering *Die Parodie im Mittelalter* (1922, 1963); the texts she studies and edits largely overlap with Lehmann's, and in some ways her book
