The authors of these books have not thought it worthwhile to show the smaller or more primitive houses or the barns and out-buildings that are so typical of Eastern Pennsylvania in part The nature of the architectural drawings and related materials in the Prints and Photographs Division pertaining to Washington's domestic architecture allows for all these methodological approaches. Washington's nearly 250-year history of domestic architecture offers a notable range of periods, styles, and types and is remarkable for the nearly intact survival of many eighteenth and nineteenth-century residential neighborhoods near the city's governing and commercial centers. In most cases the architects of Washington's early houses are unknown.
