Most Americans of the Cold War generation grew up being educated in modestly sized (and modestly funded) elementary school classrooms. Almost inevitably, these rooms held a map of the world, one in which the United States lay directly in the center and the Soviet Union was left split in half on the edges.Â This theory states that â€œbecause each state fears for its own security it theoretically will be impossible for any single state to dominate all the others; as soon as one state threatens to become too strong, the other will combine forces to prevent its dominanceâ€ (4). In the mid-eighteenth century, that state was England.Â Perkins concludes that when it comes to Diplomatic histories of the American Revolution, Bemisâ€™s work still reigns supreme. ...more. flag Like Â· see review. An Essay on the History of Civil Society is a book by the Scottish Enlightenment philosopher Adam Ferguson, first published in 1767. The Essay established Ferguson's reputation in Britain and throughout Europe. Part I. Of the General Characteristics of Human Nature. Part II. Of the History of Rude Nations. Part III. Of the History of Policy and Arts. Part IV. Of Consequences that result from the Advancement of Civil and Commercial arts. Part V. Of the Decline of Nations. Part VI. Of Corruption and
