The Past in Perspective: An Introduction to Human Prehistory Ideal for introduction to

archaeology and world prehistory courses, *The Past in Perspective: An Introduction to Human Prehistory*, Fifth Edition, is an engaging .

Feder's *Past in Perspective* reads a bit more like a New York Times bestseller than a textbook. His out-of-print *Lessons From the Past: An Introductory Reader in Archaeology* reprints relatively recent articles about unusual archaeological applications in forensics, and in reconstruction of recent history, like combatant movements during the battle of the Little Bighorn. Both books will give you a general idea of what archaeology is about. It provides an in depth look at the development of humans from our origins to ancient civilizations. Read more. One person found this helpful. *Discovering Our Past: A Brief Introduction to Archaeology*. Wendy Ashmore. 4.3 out of 5 stars 23. "The approach of *The Past in Perspective* is extremely effective for introductory courses. The author stays neatly on topic, providing concise, well-written overviews of the most crucial information and issues, and giving crisp summations of recent discoveries and current debates. Feder's approach to paleoanthropology and archaeological knowledge is the most effective I have seen for introducing students to the deep history of human origins."--Mark A. Rees, University of Louisiana-Lafayette. "I really like the 'Issues and Debates' feature.

Ideal for introduction to archaeology and world prehistory courses, *The Past in Perspective: An Introduction to Human Prehistory*, Seventh Edition, is an engaging and up-to-date chronological overview of human prehistory. Kenneth L. Feder introduces students to "the big picture"--the grand sweep of human evolutionary history--presenting the human past within the context of fundamental themes of cultural evolution. Feder's unique, refreshing, and accessible narrative personalizes the past and makes it relevant to today's students. Using a consistent chapter format--"Pre
